CONFERENCES AND SEMINARS

05/2023 Tripoli, Libya
Internet Governance Forum Conference in Tripoli

A MENA region conference where the governance of the internet is discussed such as cybersecurity, laws and more, it included workshops, sessions and networking from people around the world for three days, me and 4 others attended and represented our university.

2023 Tripoli, Libya
DevFest Tripoli

It's a yearly event by Google Developer Groups to show and talk about the latest tech and software, it has sessions, networking and workshops.

2024 Istanbul, Turkey
UNIMED in Turkey

It was held in Aydin University, we participated in the Start-Cup competition the day before the conference and we were able to win the title of the most voted team by the attendees and also in the honorable mentions, then the next day the conference was held where the Mediterranean universities came and networked and attended sessions, also we had lunch and a beautiful dinner on a boat all together.

2023 Tunisia
Hult Prize competition

Worked with a team for a sustainable development competition about
redesigning fashion in a sustainable way, worked our way to the semi-finals in Tunisia and attended the conference and the party held the day before and the third day we went on a city tour.

2023 – 2024 Benghazi, Libya
Libya build

Attended the 2023 Libya build then I was able to take part in the 2024 Libya Build with the company I work at, it's a big four day event where companies locally and around the world come and show their best work and offer their services and network together, my part was to educate people about our company and talk about our previous work.

2024 Benghazi, Libya
Libya National Day

It's a big event/conference where there are many sessions and corners of companies showing their work and people network together and the youth government attends, I was part of the Google Developer Groups corner and we were part of the organizing team of the event and I had the honor to give a session about smart homes and AI
